About I Feis Online

I Feis Online was founded when all classes were moved to an Online Space.

With a background in IT Project Management, I found it vital to find a safe place for dancers to enter competitions. As our dancers start to lose motivation, I Feis Online is designed to promote a variety of feis and competition ideas to keep our dancers moving and competitive.

I Feis Online has an SSL Certificate and moderates all entries. You must be registered to the site to enter and view any competition.

I Feis Online was built with the intention of our dancers being able to safely enter feiseanna online. Please respect the site. If you don't like the concept, that's okay, you don't have to enter. But please don't ruin it for those who want to keep on feis'n.
